

Custom Airbrushing – Real Fire

PPG435

PPG’s Custom Airbrushing – Real Fire course builds on the fundamentals learned during the Basic airbrushing course. Learn proper technique and color use to create lifelike flames using PPG’s VIBRANCE COLLECTION®. Students will airbrush Yellow / Orange / Red Real Fire on one-half of a Black panel and Blue Real Fire on the other half of the panel. On a second panel, students will choose any color and let their imaginations run wild. Learn to use templates and freehand airbrush strokes to create their own unique version of Real Fire.

Airbrush experience is required
